Some highwaymen steal your money, others try to steal the results of your brain and the fruits of your labor; the latter is the worst form of highway robbery. Merit has made a success of CARTER'S LITTLE LIVER PILLS. They have become a household word and the people will have them; they know their value. Then comes the highwayman with his IMITATIONS AND WORTHLESS FRAUDS, and with these he hopes to trate upon the merit and rejutation of CAB TER'S LITTLE LIVER PILLS, BEWAKE OF THESE BIGHTWAYMEN: don't be good as "C-A-R-T-E-R--8."

He Had Confidence in His Clerk, Who He Now Claims Has Been Robbing Him. KANSAS CITT, Mo., Nov. 28.-J. S. Blodgett alias J. K. Moore, was arrested here charged

alias J. K. Moore, was arrested here charged with embesslement today on a telegraphic report from the chief of police of Denver. Blodgett is reticent about his arrest and will only say that the charges grow out of partnership difficulty. The charge of embezzlement against him is made by the Colorado Commission Company, of which he says he is a member.

DENVER, COLO., Nov. 28.—A warrant has been sworn out by A. E. Carlton, president of the Colorado Commission Company, for the arrest of J. K. Moore, his confidential clerk, on the charge of embezzlement of between \$6,000 and \$8,000. Later on G. E. Clark, a telegraph operator and at one time manager for the Postal Telegraph Company at Colorado Springs, was arrested as an accomplice. Moore left the city in a hurry and the warrant was not served upon him here.

Mr. Carlton says that Clark had two irons in the fire, one of which reaped a rich harvest. Their system of embezzlement was for Moore to draw checks payable to Clark and himself and have them cashed. The amounts were small each time, and the game had been going on since Angust last. Two checks—one for \$100 and one for \$500—have been found. They are signed by Moore with the firm name, and are made payable to and have been apparently cashed by Clark.

Mr. Cariton never looked at his office books, so great was his confidence in Moore. He thinks now, however, that he will find that he has lost at least \$8,000 by this embezzlement.

Why the Knights Leave Philadelphia. PHILADELPHIA, Nov. 28.—General Secretary Hayes of the Knights of Labor said to a reporter last evening in regard to the proposed

porter last evening in regard to the proposed sale of the order's building in this city that it was ordered by the General Assembly for the purpose of gathering together all the industrial organizations of the country under one roof as rapidly as terms could be made with them.

"Why could not that be done here?"

"For the reason that we are subject to decisions such as was recently rendered by Chief Justice Paxon when he constituted himself a justice of the peace in the Homestead cases. Our idea was to either get on the Canadian line at Niagara Falls, Ontario or under the wing of our national capital at Washington to avoid just such decisions. These were the only reasons for removing the headquarters from this city. Any other reasons given for the change, such as lack of support in the east, are not true."
